TO WHOM IT MAY CONCERN

## **Attestation Statement**

**FCC ID: TTSEFT930W, model EFT930W**

In the manufacturing process we load the parameters in the EEPROM. So we can configure the EEPROM with USA parameters (channel 1-11 available, Channel 12-14 disabled)  
Parameter: ZD\_E2P\_ALLOWED\_CHANNEL : allowed channel bitmap in e<sup>2</sup>prom.

The end user has no possibility to change these parameters.

Sincerely,

Claude LARINIER  
Product Manager
